

2.1.2. Client Side Lead Status

Client-Side Status in the context of leads refers to **custom status labels** that a company can define to track the progress or state of a lead from the client's perspective.

To display this field on the Lead page:

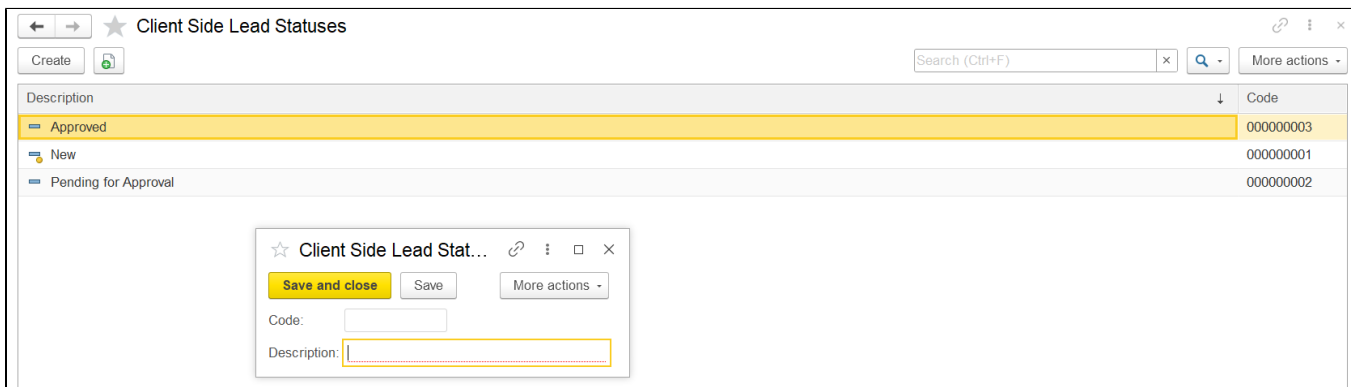

1. Go to **Administration CRM Settings**.
2. Enable the option **"Use client-side lead status."**

Once enabled, the client-side status field will appear on the Lead page, allowing users to view and manage it directly.

The screenshot shows the 'Settings: CRM' page. On the left is a yellow sidebar with a 'Quick menu' containing various modules: CRM, Sales, Purchasing, Warehouse, Production, Money, Project Costing, HR & Payroll, Asset Management, Accounting, Taxes, Analysis, Process Management, Administration (highlighted with a black box), and Telegram. The main content area has a title 'Settings: CRM' and several toggle options: 'Enable the CRM Module' (checked), 'Enable Company Statuses' (unchecked), 'Custom Statuses for Leads ?' (checked, with a link to 'Edit the list of Custom Statuses for Leads'), 'Use Client Side Lead Statuses' (checked, with a link to 'Edit the list of Custom Client Side Statuses for Leads' and highlighted with a black box), and 'Enable the Bitrix24 Integration' (unchecked).

Status types can be added using the Edit custom client-side statuses for leads hyperlink.

The screenshot shows the 'Client Side Lead Statuses' management interface. At the top, there are navigation buttons (back, forward), a search bar, and a 'More actions' dropdown. Below is a table with columns 'Description' and 'Code'. The table contains three rows: 'Approved' (code 00000003), 'New' (code 00000001), and 'Pending for Approval' (code 00000002). A modal window is open in the foreground, titled 'Client Side Lead Stat...', with a 'Save and close' button, a 'Save' button, and a 'More actions' dropdown. The modal has input fields for 'Code:' and 'Description:'.

Description	Code
Approved	00000003
New	00000001
Pending for Approval	00000002

On the lead page, this option is available on the right side of the screen. To assign a status, select one from the dropdown list of available statuses
